But the men were not there because they wanted to be, but because they wanted to be, but because they feared to be blacklisted and discharged if they falled to turn out."

"If." said a leading Democrat, "the election is carried by such methods as election is carried by such methods as these, and the unlimited use of money, there will be trouble."

NEW JERSEY.

Perhaps the best-posted man in New Jersey politics is Mr. W. S. McKean, the organizer of the State Democratic Society of New Jersey, who conducted the ante-convention campaign for Cleveland in 1822, and who has since visited every pairt of the State. Mr. McKean was shown to-day the list of the electoral ticket of the Democratic bolters of New Jersey, and asked what would be the effect of the third ticket in that State. "I know all of them by reputation, and most of them personally," said Mr. Mc-Kean. "There is but one active politicise in the lot. It is a dress-parade ticket and not a vote-getting ticket. and not a vote-getting ticket. If win not affect the result in New Jersey. I have looked over all the counties of the State, and I cannot see where the ticket will get over 3,00 votes, and that means that there is a good hope of New Jersey's remaining in the Democratic column, where so have years a many verse. where she has been for so many years The electoral ticket is almost entirely composed of persons interested in trusts and moneyed corporations. There is no tration, which has been conducted with extravagance and in the interest of the corporations, in many of which the Re-publican candidate for the vice-presidency is interested. On the national assues New Jersey is Democratic. Our losses will principally come from Bergen. losses will principally come from Bergen, Essex, and Union counties, and our gains will be throughout the State, notably in the southern and northwestern portions of the State, among the farmers, and generally amongst the laboring men. Of course, the new campaign method of coercion, among the railroad-men especially, has been initiated, but, owing to an excellent ballot system coercion cannot successfully be practiced." not successfully be practiced." "What about the new chairman of the State Committee?"

State Committee?"
"Well, of course, we regret that Sena-tor Smith is not in full sympathy with the Democratic platform, and, therefore, thought best to resign, but his successor, Colonel E. L. Price, of Newark, is ualified in every way to conduct nergetic and aggressive campaign. He is just the man for this campaign, popular among the masses, a thorough organizer, and well acquainted with every ection of the State. capacity to make winning fights, notably last spring, as chairman of the Essex County Committee.

"Of course, I realize the fact that the Republicans and their allies, the trusts and corporations, will strain every nerve to win, and I realize that New Jersey may be classed as a doubtful State, but I sincerely believe, knowing the State as I think I do, that New Jersey will cast her electoral vote for Bryan and

Sewall."

W. K. Cornon, secretary of the Bryan and Sewall Club, of Camden, N. J., writes: "We are doing a good work here. We will lose but few Democratic votes, and gain more Republicans. On November 3d next I think you will hear that New Jersey has given her electoral vote for Bryan and Sewail."

The prediction is made by some Virginia politicians here, who are familiar with the people of the Southside and other portions of the State, that these decoyticket "legal representatives" will not be very cordially welcomed in some of the localities they propose to visit. They will, in all probability, be invited to go home and attend to their own business.

The Bryan-Sewall Club of Barton Heights held their regular monthly meeting in the Wigwam at the pretty little village last night. Confidence was what the Republicans said was needed, but confidence in the dollar of to-day amid the wretched conditions that existed was poor encouragement. At the close of Captain Lamb's speech Mr. S. P. Waddill, Clerk of the County Court of Henrico, was called upon, and in a brief speech, full of strong argument, entertained the gathering. Mr. Waddill read a number of extracts from speeches of great men, showing that silspeeches of great men, showing that silver, again on a par with gold, would better times.

One thousand two hundred people well-comed them at Biddeford. The special car stopped short of where the crowd was gathered, and a frantic rush was made along the tracks, many of the people cheering wildly. Mr. Bryan spoke briefly, and got more cheers.

A Portland reception committee came aboard the car at Biddeford.

GREAT CROWD AT PORTLAND. GREAT CROWD AT PORTLAND.

A vast throng, certainly 19,600 people, perhaps 12,000, beard W. J. Bryan in Union Station Square, in the West End of Portland, this evening. Arriving here at 5 o'clock, with Arthur Sewall, Mr. Bryan was escorted to a temporary stand in the square. The square was packed and jammed with humanity. Mr. Sewall introduced his fellow standard-bearer, and the latter made a short speech. On its conclusion he returned to the station, and to 5:20 left for Bath on a special train of two cars, furnished by Mr. Sewall. The crowd was wildly enthusiastic.

NO CHEERS FOR M'KINLEY.

BRUNSWICK, ME., September 2t.—Although the crowd that gathered at the
Maine Central depot to see Mr. Brean
was not very large, it was enthusiastic
enough to make up for the small numbers. Three hearty cheers were even for
Mr. Bryan. Some one called for three
cheers for McKinley, but none were given.

BATH DELIRIOUS. BATH, ME., September 26.—Arthur Sewall's home town is delirious to-night (CONCLUDED ON PAGE SIXTEEN)
